

## Key Instant Recall Facts

### EYFS – Spring 2

I can partition numbers, to 10, into two groups.

By the end of this half term, children should know the following facts. The aim is for them to recall these facts **instantly**.

Zero and ten make ten.

One and nine make ten.

Two and eight make ten.

Three and seven make ten.

Four and six make ten.

Five and five make ten.

#### Key Vocabulary

\_\_\_\_ and \_\_\_\_ make \_\_\_\_

#### Top Tips

The secret to success is practising **little** and **often**. Use time wisely. Can you practise these KIRFs while walking to school or during a car journey? You do not need to practise them all at once; perhaps you could have a fact of the day. If you would like more ideas, please speak to your child's teacher.

#### Use practical resources, for example –

- Using items around the house to find different ways of making 10, e.g one blue teddy and nine red teddies. One and nine make ten.
- Making up stories with items around the home, e.g there are 2 cars in the car park and 8 more cars arrive, how many cars altogether? Two and eight make ten.
- Asking questions during daily routines, e.g you have 4 sausages on your plate and I have 6 sausages on my plate, how many sausages altogether? Four and six make ten.
- Jack Hartmann Number bonds to 10 singing and moving you tube clip!
